Description
The complete full-text of a seminal book for Holocaust studies, The Holocaust Chronicle. The site contains every word of the main text, as well as the index and all of the images from the print edition. The information within was gathered and fact-checked by top Holocaust scholars, and covers everything 1933-1945, beginning with the restrictive laws passed when Hitler took power to the deaths of at least six million Jews, Gypsies, Freemasons, homosexuals, Jehovah’s Witnesses, prisoners of war, Communists, and others.
